- "A Survey on Procedural Modeling for Virtual Worlds" – Presented at the National Conference, PIM, June 2024.  
**DOI: 10.5281/zenodo.13948777**  
**ISBN: 978-81-975095-7-5**
- "Machine Learning in Computer Vision" – Presented at PIM, December 2024.
- "Granny's Table - A Traditional Food Recipe App"-Presented at PIM, Indo-Kenya International Conference ,May 2025

## PROJECTS

### • Inventory Management of Baliga Fishnet

- A standalone VB.NET and SQL application that streamlines purchase, supply, stock, employee management, and reporting, enhancing efficiency, data accuracy, and security.

### • Online Library Management System

- Library Management System is a web-based application developed using PHP and MySQL to streamline daily library operations. It includes features like user and admin logins, allowing admins to manage the entire system. Students can log in to view issued books, along with their issue date, return date, and any applicable fines.
- **GitHub:**<https://github.com/RashmiSudarshanPrabhu/Online-Library-Management.git>

### • Poornaprajna Consultancy

- This is Consultancy Website of Poornaprajna Insitute of Management. Developed by using HTML,CSS and JavaScript.
- **Live Link:**<https://poornaprajnaconsultancy.in/>

### • Saraswathroadlines

- This is the Web development project using HTML,CSS and javascript. which gives the information about the company and its supplies
- **Live Link:**<https://saraswathroadlines.com/>

### • Car Parking

- Car Parking Management System is an Android app using Java, SQLite, and SharedPreferences, enabling users to book slots (₹30/hr, 1-hour advance), view nearby parking, and manage sessions, while admins oversee bookings.
- **GitHub:**<https://github.com/RashmiSudarshanPrabhu/Carparking.git>

### • Granny's Table

- Developed an Android app for traditional village food recipes using Java and Firebase (Authentication, Firestore, and Storage). The app features categorized browsing, real-time search, and secure user authentication.
- **GitHub:**<https://github.com/RashmiSudarshanPrabhu/Granny-s-Table.git>

---

## CERTIFICATES

- Introduction to PHP Programming – Infosys Springboard
- Machine Learning Certification – NPTEL
- Volunteer Certificate – PIM
- Web Development Bootcamp- Udemy
- Cloud Computing and Distributed Systems-NPTEL
- Data Science & Analytics- HP LIFE online course

---

## VIRTUAL INTERNSHIPS

- **Python Programming Intern** – CodeAlpha(1Month)
  - Worked on Python-based projects,improving problem-solving skills and coding proficiency.
- **Web Development Intern** – Cognifyz (1 Month)
  - Gained hands-on experience in front-end web development, working with modern web technologies.
